## Pitch Perfect

GOAL! GOAL! GOAL! The installation of the synthetic playing surface to football (soccer) pitch 2 on the western side is nearing completion and looking fantastic. Laying of the synthetic turf on pitch 1 is due to start soon.

Construction of the football (soccer) building is nearly complete. Work still to be done includes installation of kiosk appliances, change room/toilet partitions and tiered spectator seating.

Construction of the Australian Rules Football and Cricket building is also in an advanced stage. Work currently underway includes internal and external painting and electrical, mechanical and hydraulic services.

MOUNT BARKER  
DISTRICT COUNCIL

# REGIONAL SPORTS HUBDATE

The Australian Rules Football timekeeping and Cricket scoring building is complete with the exception of perimeter pavements and access.

Light towers for both soccer pitches and the premier oval have been erected.

Laying of natural turf to the premier oval and wicket has recently been finished. Current work includes the irrigation commissioning, fencing and goal post installation.

Landscape plantings around the site have been ongoing for a number of months and are close to being finished.

## Recycled water

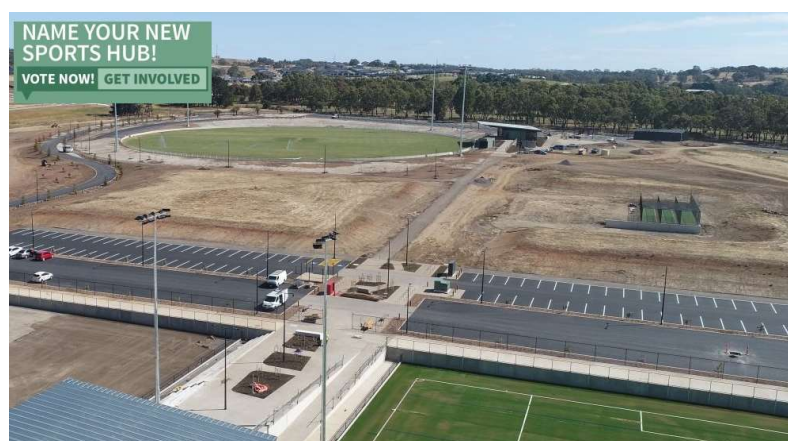

The premier oval is being temporarily irrigated with potable water until recycled water infrastructure is installed and connected to Council's nearby wastewater treatment plant and Laratinga Wetlands system.

Council's contractor engaged to construct the wastewater main and recycled water connection to the site has commenced work and recycled water will be available in a few months' time and at lower cost than potable water.

## Time to vote

In October, we asked the community to bowl us over with ideas for a name for the regional sports hub.

MOUNT BARKER  
DISTRICT COUNCIL

# REGIONAL SPORTS HUBDATE

From the suggestions we received, five names were shortlisted and along with an existing four names recommended by consultants engaged by Council. We're now ready for the community to make the final choice.

As the most significant sporting facility in our region it is important that this facility has a name that reflects the community aspiration for a place people want to visit, experience and return to.

We invite you to vote for the name that you think best achieves this aspiration.
