

Morphett / Hutchinson Streets Precinct Upgrade Stage 2 Streetscape Update 6

27 May 2014

Structural Formation Works Progressing

Feature Paving

Paving has commenced on Hutchinson Street north and will continue around to Morphett Street east as the next stage of paving works.

Structural Elements for Plaza

A considerable amount of sub-surface engineering works are progressing to prepare for the installation of structural elements including seating, arbours, and the feature wall with the plaza area taking shape.

All efforts are being made by Council's contractor to progress the works to meet the completion target of mid year. Continuing favourable weather will be a critical factor in the next few weeks for the following phases of work.

Regular Update

Regular updates on the progress of the works will be posted to Council's website <http://www.dcmtbarker.sa.gov.au>.

Council's Contact

Should you require any further information or have any queries as works progress, please contact Council's Contract Project Manager, Mr Ian Powell, on telephone 0408 970 966 or email council@dcmtbarker.sa.gov.au.
