Draft Macclesfield Township Plan - Feedback Form

#	RESPONSES	DATE
1	-	10/29/2019 9:41 AM
2	This is one of my own values	10/29/2019 9:40 AM
3	the others dont concern me	10/29/2019 9:38 AM
4	tourism is important	10/29/2019 9:35 AM
5	Maccy has a lot of potential and room to grow and develop its strengths without losing character	10/29/2019 9:33 AM
6	We would like to see more use of Crystal Lake.	9/20/2019 1:17 PM
7	This town does not have footpaths etc to walk safely.	9/20/2019 1:15 PM
8	Parking in the Main Street. Garden across from the hall needs to be removed.	9/20/2019 1:10 PM
9	The safety of my children while traveling to and from school or going to the playground/skatepark @Davie Square	9/20/2019 1:06 PM
10	Because the current lack of walking/footpaths is dangerous.	9/20/2019 1:01 PM
11	No reply.	9/20/2019 12:51 PM
12	The main street is a disgrace. Among the worst in Adelaide Hills.	9/20/2019 12:48 PM
13	Lack of activities for adults who are not school parents or old age.	9/20/2019 12:46 PM
14	Improvements to the east side main street are a waste of money. The west side improvements are enough. Need to re-invigorate the town - not just focus on singles/elderly, but attract young families and grow the school.	9/20/2019 12:39 PM
15	The work already carried out needs to be extended to the eastern side of the street, at present it is unbalanced.	9/20/2019 12:34 PM
16	Everything else flows from that.	9/20/2019 12:32 PM
17	Getting around town on foot and with kids on bikes/scooters is hazardous.	9/20/2019 12:25 PM
18	better for older people or parents with strollers. Fed up with every cycle club using Maccy as their personal playground!	9/20/2019 12:23 PM
19	Concern that the park remains open space and is not commercialised.	9/20/2019 12:19 PM
20	Safe walking and cycling paths are essential for the health and wellbeing of residents.	9/20/2019 12:15 PM
21	None of these are my top priority.	9/20/2019 12:08 PM
22	No Answer.	9/20/2019 12:05 PM
23	Residents should be able to walk safely in the streets.	9/20/2019 11:59 AM
24	Everyone deserves to be valued in order to contribute to the community.	9/20/2019 11:56 AM
25	Some pedestrian thoroughfares unusable for older people.	9/20/2019 10:45 AM
26	community issues and cohesion is more important than the other projects which are amenity based	9/16/2019 11:36 PM
27	Venables Street needs improvements so that it is better able to be used by all members of the community, is attractive, safe and well lit. I support implementation of the existing Master Plan. I attended the community consultation event for the Master Plan and think that it is a good Plan. Please get on with it, Council!!	9/16/2019 1:40 PM
28	Crystal Lake is an under utilised incredible resource for the district. Not just for Macclesfield but anyone living in the hills. If it had toilets, barbecues, power points, rubbish/recycle bins and doggie bag points the tennis court refurbished it would receive more use. It could also serve as an overnight camp spot for travellers.	9/16/2019 10:46 AM
29	I want better public transport to Strath and Mount Barker, a modest population increase to support sporting clubs and primary school, investment in parks for passive recreation, and improvements to Main Street by implementing the master plan for Venables st. These will ALL contribute to s more connected community.	9/16/2019 8:49 AM
30	I want lord Robinson park to have mountain bike trails and I could ride there.	9/16/2019 8:29 AM
31	A Main Street that only has a footpath down one side is a disgrace.	9/15/2019 5:31 PM

Draft Macclesfield Township Plan - Feedback Form

32	I have young children who attend the local school and like to walk/ride to and from school or Davy square. Their safety is of great concern to me when undertaking these activities due to the current lack of pedestrian access and adequate lighting, etc.	9/15/2019 2:31 PM
33	Access and ability to be mobile are vital aspects of wellbeing and independence that can improve the quality of life for many.	9/15/2019 2:29 PM
34	We are desperate to have a footpath from Luck street up to the school entrance. We also need a crossing over the main road near Todd street. 20 or more children use this crossing and it is dangerous. There must be an island refuge and improved drainage on the eastern side.	9/12/2019 7:50 PM
35	The environmental assets of Maccy are incredibly important and need protecting and enhancing.	9/12/2019 1:31 PM
36	More land needs to be developed to encourage new residents to Macclesfield- it feels as if the town is ageing and growth is going backwards.	9/11/2019 6:13 PM
37	Creates a good first impression for visitors and pride for the residents. This is the foundation that the others are built on.	9/10/2019 8:45 AM
38	Public land around Macclesfield has major potential for recreation and habitat restoration. Agistment of horses does not provide public benefits.	9/9/2019 10:35 AM
39	Main street is the heart of Macclesfield As they say build it (well) and they will come.	9/7/2019 2:27 PM
40	Create a point of difference from other Hills townships, becomes destination of choice rather than passing through to another destination	9/6/2019 10:57 PM
41	I have kids and it is not that safe for them to walk or ride through the town due to speeding traffic and ill-defined paths	9/5/2019 1:10 PM
42	With it's proximity to the growing Mt Barker, and with it's unique charm, Macclesfield has the potential to brand itself and encourage local day tourism to the area.	9/2/2019 11:06 PM
43	Pedestrian safety is severely compromised by bridge across creek	9/2/2019 9:14 AM
44	I really want a nice place I can walk my dogs with clear and accessible walking paths and off leash areas	8/31/2019 4:44 PM
45	Need for more safe walking tracks - no proper footpaths on most streets	8/31/2019 1:13 PM
46	Lack of safe walking paths for pedestrians around the town	8/31/2019 12:47 PM
47	Lack of safe walking tracks	8/31/2019 12:29 PM
48	My top priority is to ensure the town maintains its school and the population decline is reversed.	8/31/2019 12:05 PM
49	My top priority is ensuring the future viability of the town by changing existing Deferred Urban zones to Residential.	8/31/2019 11:56 AM
50	As a regular walker in the township I am concerned about the lack of safe walking tracks for the children going to and from the school. Most roads have no footpaths.	8/31/2019 11:37 AM
51	Main streets in villages need to be welcoming to visitors and for the residents too.	8/30/2019 7:56 AM
52	Social disconnection leads to poorer health outcomes, and there are more people living alone, elderly, young adults needing greater support. Social connection is the glue that holds a community together.	8/30/2019 7:38 AM
53	I am retired but run my Celebrancy business from home. I'd like more activities to choose from.	8/29/2019 10:10 PM
54	Maccy is a great village with a great collection of artists. It also has a strong music scene thanks to Three Brothers Arms	8/29/2019 7:56 PM
55	Venables St, especially the eastern side is an eye sore. There is a distinct lack of street appeal, functionality and pedestrian safety. As its upgrade was endorsed by the Community and by Council 5-years ago, it should be Council's priority also.	8/27/2019 3:18 PM
56	Macclesfield is in serious need of better street lighting throughout the town. It is unsafe to walk the streets at night due to the dark and driving requires vehicle lights on high beam. Even Venables Street is very dark. Better street lighting is essential to the safety of everyone.	8/26/2019 7:39 AM

Draft Macclesfield Township Plan - Feedback Form

57	It is so dangerous to walk around town with no footpaths. There is a huge active community in Macclesfield but also there is a lot of people speeding and who come so close to you it has actually taken the passion out of a physical activity I used to enjoy. I rarely go now because with a Pram and dogs it's far to scary. Come summer when you are confined to walking the streets because of snakes it really limits where you can safely travel to.	8/25/2019 9:32 PM
58	We have an amazing collection of artists here so they need to have space to be able to call their own. Crystal Lake is obvious but it needs full insulation. Also the music is getting a stronger focus especially the Three Brothers Arms so that needs better promotion and inclusion	8/25/2019 10:15 AM
59	I think with Three Brothers Arms as a historic pub, being oldest in hills, and a vibrant arts community, it should be top of the list as a promotion through the region, state. It would be great to have signage on all roads coming into Maccy.	8/24/2019 4:28 PM
60	Safety for all people in Macclesfield, the eastern side of the road is a safety Hazzard. No lighting, trip hazards, poor drainage.	8/24/2019 7:35 AM
61	I enjoy walking in our beautiful town. Many of the roads are unsafe with the verge washed away and uneven. This means walking on the roads	8/23/2019 7:41 PM
62	Maccy was always a village that flowed well together. That has now gone thanks to some past residents. It's now an 'us and them' mentality which doesn't really help grow/promote this great community to what it could be. <div style="background-color: black; color: white; padding: 2px; display: inline-block; margin: 5px 0;">EVERYONE needs to work together.</div> <div style="background-color: black; width: 100%; height: 80px; margin-top: 5px;"></div>	8/21/2019 6:28 PM
63	Personal use	8/21/2019 5:47 AM
64	because we have been waiting for over 100 years to get it fixed	8/20/2019 10:49 PM
65	Footpaths in some areas are non-existent and walking there is dangerous. Walking from the southern end of Venables, from the edge of town to the Buttunga bridge, is difficult and crossing the bridge is deadly as the guard rail pushes you onto the road.	8/20/2019 8:42 PM
66	Because I thought it most important.	8/20/2019 7:07 PM
67	Business owner in the main street	8/20/2019 6:49 PM
68	Because the state of the footpaths or should I say what footpaths and the street lighting is unacceptable	8/20/2019 6:44 PM
69	buses to mt barker are what we need not a town plan	8/20/2019 5:15 PM
70	I walk most days, and it is currently challenging to get around town with small children on bikes	8/20/2019 4:42 PM
71	There are many aging residents in the town & surroundings area but little access to services with low access to transport services, no visiting physicians, nurses, library or council services available. This makes it difficult for those who are unable to drive or have no one who can transport them to Mt Barker or beyond.	8/20/2019 3:29 PM
72	I don't really care about all that I don't want this town to change to much crystal lake was destroyed and now it is a art exhibition that people of the town never use. Trees were killed and the fish and birds have left please leave the town alone before it gets over modernised.	8/20/2019 1:44 PM
73	We are surrounded by so much beautiful land it would be great to get out and about the township and explore what Macclesfield has to offer us	8/20/2019 10:29 AM
74	The roads need work and so do foot paths we walk alot	8/20/2019 8:13 AM
75	Without the arts, culture, environmental sustainability Macclesfield would just be another nothing township. Improving and highlighting these areas will naturally bring the community together and help with social isolation and engage different age groups all for the betterment of our township. It will also highlight why OIR country township is such a beautiful place to live and work in the Adelaide Hills.	8/19/2019 9:04 PM
76	we don't want any more people in the town . population growth is destruction of the area	8/19/2019 6:19 PM
77	Environmental focus on creating carbon neutrality.	8/19/2019 9:56 AM

Q6 Are there any additional priorities you would like incorporated into the final plan?

Answered: 67 Skipped: 10

Draft Macclesfield Township Plan - Feedback Form

#	RESPONSES	DATE
1	Please keep the small township feel of Maccy, I would hate to see maccy become another Handorf	10/29/2019 9:40 AM
2	A regular bus service between Maccy and Mt Barker during business hours. As people age and can no longer drive this public transport becomes necessary Scaling and maintenance of roads leading in and out of town eg. BUgle Range rd	10/29/2019 9:38 AM
3	Crystal lake has a large amount of users. Improve facilitates, provide toilets, provide caravan/camp area tourist \$\$ are available	10/29/2019 9:35 AM
4	Nature play park interesting museum/ gallery or other incentives to invite more tourism and economic growth upgrade or add more accommodation options (crystal lake) community garden	10/29/2019 9:33 AM
5	Would be great to be able to camp at Crystal Lake.	9/20/2019 1:17 PM
6	I live in Pemberton Crt and have been here for over 25 years. It is dreadful the condition on this Crt - was told over and over in the past 20 years there would be curb and guttering installed and the rates we pay are disgusting. My daughter in Sydney does not pay this amount - (give us something).	9/20/2019 1:15 PM
7	Are you going to leave everything and in a few years rip up the part that has been done and do it again as has been done this time. Not enough parking in Main Street. Gardens are not looked after. Parklands end up being a fire hazard.	9/20/2019 1:10 PM
8	Better street lighting to coincide with these improvements. Hopefully, some improvements to pedestrian access and parking (defined spaces) at the school. Currently it is very uneven and slip prone.	9/20/2019 1:06 PM
9	Take all steps available to increase growth of the township area, such as removing all Deferred Urban within the township boundary to ensure there is sufficient population - 1) to utilise existing and future businesses and assist them in remaining financially viable. 2) to support and maintain the Macclesfield Sporting Clubs. 3) to spread the cost of essential infrastructure between more ratepayers, making it more affordable for everyone. Veronica Thurley	9/20/2019 1:01 PM
10	Retain Macclesfield's country feel. We moved from Mount Barker because it has been ruined by residential development. NO NO NO NO NO	9/20/2019 12:51 PM
11	Regular road maintenance.	9/20/2019 12:48 PM
12	Bring forward a study about the use of Deferred Urban.	9/20/2019 12:39 PM
13	Improve the road on the northern side outside the primary school.	9/20/2019 12:34 PM
14	Advocate for more "events", subsidise new businesses, add to shop front presence. Bakery/craft shop antique/collectibles artist studio, cooperative multiartisan aspect	9/20/2019 12:32 PM
15	Do not develop Lord Robinson Park, leave it alone. A footpath over bridge on Parin Street - please make public the data you have gathered re: traffic use on this road.	9/20/2019 12:23 PM
16	General facility. Improvements to crystal lake. Reminding planners that mains water use is not an option for plantings in Macclesfield.	9/20/2019 12:19 PM
17	Take all steps available to increase the growth of the township area, such as removing all Deferred Urban Zones within the township boundary to ensure there is sufficient population - 1) to utilise existing and future businesses and assist them in remaining financially viable. 2) to support and maintain the Macclesfield Sporting Clubs. 3) To spread the cost of essential infrastructure between more ratepayers, making it more affordable for everyone. Cliff Thurley	9/20/2019 12:15 PM
18	1) Removal of Deferred Urban zones inside the town boundary. Maccy needs more residential development to support clubs, infrastructure and the school for its future sustainability.	9/20/2019 12:08 PM
19	To me the biggest priority is to keep the trees as they are. They give the town much of its beauty & atmosphere & make it such a quaint little village. I don't find any of the suggestions necessary. People come to a town and it is what it is - they don't need to change it. Macclesfield is main and centre, a rural town, not an art town.	9/20/2019 12:05 PM
20	Fire hazard should be managed in parklands, including the cemetery. Arts have died off. Main street drainage & 40kph speed limits.	9/20/2019 11:59 AM
21	Protecting our valuable remnant vegetation. No clearing. Roadside weed control - please!	9/20/2019 11:56 AM

Draft Macclesfield Township Plan - Feedback Form

22	1) Leave native veg sites alone. 2) No tourism promotion. 3) No private development on community land. 4) No growth of boundaries. 5) Upgrade paving and pedestrian access. 6) Extend community bus route (eg: to hospital). 7) It is time Council addressed the need for secure fire shelters in country areas.	9/20/2019 10:45 AM
23	tidy up the junkyard at 3 (and to a lesser extent) 13 searle st , or fence these from the road a lot of residents commute along searle street and these yards have been an eyesore for many years , there is a community sentiment that it would be good to see them screened or cleaned up.	9/16/2019 11:36 PM
24	1. Modest growth will make a very big difference to the local school and sporting groups. I understand the aging of the community is likely to mean these will struggle with numbers if there is not some growth. I support growth within the existing town boundary (Actions 14, 51 & 52). 2. I agree that a wider range of activities is desirable at Lord Robinson Park. I support providing a toilet, the arts / cultural hub proposal, mountain bike riding (in Area 9) and a dog park. It is important to provide opportunities for people to be involved in the arts and to be active in a range of ways because not everyone plays traditional sports. I think parts of the Lord Robinson park are also suitable for some different uses like natural burial ground, or a community energy scheme (solar array). I hope that Council will commit funding to support the further development of the reserve. 3. I live near Stone Reserve and wish to mention that the old landfill site needs to be recapped as its not safe to walk on, and the many holes attract rats and snakes. Improvements to the reserves could include addressing this issue (Actions 24, 27 & 28). 4. Transport is one of the biggest problems in Macclesfield, especially for teenagers and older residents. The very poor public transport amenity is ridiculous given how close Macclesfield is to the regional centre of Mount Barker. A daily bus service is essential. It could be a loop that also connects Meadows and Echunga to Mount Barker.	9/16/2019 1:40 PM
25	I own property in the deferred urban zone land and I would like Council to rezone this for residential development. I also would like Council to invest in town facilities like the Institute and tennis courts. My family would use the proposed mountain bike trails and a dog park at Lord Robinson park.	9/16/2019 8:49 AM
26	Public bus service to mount Barker. It should go from Strathalbyn to Macclesfield to Mount Barker. I am a teenager and I could use this to go to work, sport and see friends without having to rely on my parents for a lift	9/16/2019 8:29 AM
27	The town needs footpaths and more street lighting for pedestrians. It is dangerous walking around town, even on the Main Street due to a lack of footpaths. The community grow free cart is like an open air op shop. Many people dump their crap there. I would like to see it removed as it's an eyesore. Rates are far too high given the lack of investment in the town. It certainly feels as though all this consultation over years is simply a stalling tactic to give the appearance of action with little substance. The council shouldn't need endless consults to realise that footpaths are a basic necessity in any town.	9/15/2019 5:31 PM
28	Re zoning of remaining home industry titles throughout the township. Trying to encourage some population growth within the township will likely be hindered by potential compliance issues or development applications. Meaning that potential new residents will go else where to say strathalbyn, mount barker it's self or meadows to purchase land to build on that is not impacted by this someone classification. Current Home industry zoning could be putting existing residents off of subdividing their larger blocks (potentially now too large to maintain as they age) due to further requirements and costs during this process.	9/15/2019 2:31 PM
29	Traffic monitoring of key roads adjacent to areas that may attract increased visitors. Eg, Lutterworth St. is extremely narrow and quite dangerous at times (I live on a property adjacent) and would not be able to cater to increased traffic without significant risk.	9/15/2019 2:29 PM
30	Toilets at crystal lake, crystal lake amenities improved to encourage more festivals, nature play days and free camping. more business encouraged in town, less 'air time' given to older generations who are not wanting to see facilities improve for fear of loosing small town feel. This is unlikely to happen, but will prevent it becoming a ghost town.	9/12/2019 7:50 PM
31	Better management of the Angus River. It is infested with weeds through the township which negatively affects natural restoration efforts lower in the catchment.	9/12/2019 1:31 PM
32	Reduce the pockets of deferred zones, these limit our towns ability to attract new residents and is keeping stagnant.	9/11/2019 6:13 PM
33	I think achieving this list is	9/10/2019 8:45 AM
34	The road bridge on the main road to Strathalbyn provides protection for pedestrians only on the north eastern side of the river. Extending the footpath to the south (eastern) side of the	9/9/2019 10:35 AM

Draft Macclesfield Township Plan - Feedback Form

river would enable pedestrians to cross the river safely. Currently, there is very little room between the guard rail and the vehicle lane.

35	Maccy is an old dairying town Art and craft isn't what its about. Moving forward make the towns main street as pleasant as possible to capture the drive through market. Its also a town that punches above its weight(population) in sport so its concerning no mention was made of that in regards to future development. As for a connected community, that's not a council issue that's an individuals prerogative. there is plenty happening in Macclesfield if you wish to become "part" of the community.	9/7/2019 2:27 PM
36	Monitor private residents utilisation of water from Angus River, potential risk of misuse as infill occurs along the riverbanks & real estate agents promote access to water for private landholders use. Water levels should be protected for the health of the river system.	9/6/2019 10:57 PM
37	In line with it's focus on environmental sustainability, Macclesfield could look to the town of Daylesford in Hepburn Shire, Victoria for inspiration. This small country town put itself on the map after achieving the status of net-zero energy from a grass roots operation in conjunction with it's local council. With the size of Macclesfield, it would be quite attainable to achieve this status by using their plan as a guide. https://z-net.org.au	9/2/2019 11:06 PM
38	Dog areas, a dog park, walking paths etc I'd just like it to be a more pet friendly area	8/31/2019 4:44 PM
39	Ensure the sports clubs have enough people to support them into the future. Not enough young families.	8/31/2019 1:13 PM
40	Encourage more young families to build homes in the town. Aging population is a risk for the long term future of the local school.	8/31/2019 12:47 PM
41	Encourage young families to move to Macclesfield to stop population decline and keep the school viable Get rid of the deferred Urban zones	8/31/2019 12:29 PM
42	A walking track along the Angus River from one side of town to the other would be fabulous.	8/31/2019 12:05 PM
43	Yes. Changing Deferred Urban Zones to Residential as they are already inside the Township Boundary.	8/31/2019 11:56 AM
44	Rezoning of existing Deferred Urban land back to the Residential category to ensure financial viability of the township businesses and sports clubs and that the school remains in the town.	8/31/2019 11:37 AM
45	not at this stage	8/30/2019 7:56 AM
46	In regard to local land conservation, encourage the landholders to develop their holding mindful of the impact upon native plants, and wildlife	8/30/2019 7:38 AM
47	Chicken shop or the like	8/29/2019 10:10 PM
48	More accomodation via 'free ' camping at Crystal Lake, the oval and Davenport Square. It will always bring much needed cash into town.	8/29/2019 7:56 PM
49	A pedestrican crossing at the local school. There is inadequate parking on the School's side of the street, so many parents park on the opposite side. Daily, traffic travels past the school and either cannot see the signage to slow down, or they ignore it. It is hazardous. Also, the kids were asked to deign a Nature Play garden for Davenport Square. No mention has been made in the Plan of this being included. Why not?	8/27/2019 3:18 PM
50	Similar to street lighting is better footpaths and drainage. The work on Potin Street is very worthwhile but major streets such as Todd Street are also in need of work. Speed signage on Todd Street is very necessary. The street is used as a race track in both directions but especially going up the hill. There are no signs to remind drivers that they are still in the town limits with the only signs are at the top and bottom of the hill. The bottom sign can be missed as drivers speed around from Venables Street or enter at Searle Street or Davies Street. Another issue that I note is mentioned re Lord Robinson Park is the state of the Angus River as it flows through Macclesfield. Much of it is full of debris especially at Searle Street. Residents living along the river need to be encouraged to participate in maintaining the health of the river and its tributaries. Similarly, the lake is being overwhelmed with reeds and other plants and below the lake is full of debris much of which has gathered there after heavy rain fall. Finally, Macclesfield is unlikely to ever win a 'Tidy Towns' competition. So many of the houses have yards full of junk. And not all are due to business activities. The yard on Searle Street is an example of lack of care and could even be described as dangerous with no fencing and a large and deep water tank with no safety cover. But many gardens and yards look more like the Wingfield Dump than a cared for town residence/business setting.	8/26/2019 7:39 AM

Draft Macclesfield Township Plan - Feedback Form

51	-Clean up the main street. The grow free cart has just become a community dumping ground of unwanted junk. The planter boxes are still over run, one of the pubs has a big bin at the main street, it stinks as you walk past etc. It's all unsightly and is an embarrassment. Also there are several properties within the township who are accumulating large rubbish piles. Living next door to such a property I am concerned it is attracting rodents and snakes come summer, that it is driving my property value down and am annoyed I am paying near \$3,000 p.a in rates to live next door to a dump. -Our rates seem to be climbing every year yet we see no action in our town. We lack infrastructure in terms of street lighting, footpaths, rubbish bins at Crystal lake, verge maintenance etc, lack the beauty of towns like Hahndorf with their beautiful main street and park with flowering Magnolias and gorgeous park garden etc, yet our rates are just as high. Perhaps its time for a review into the rate charges.	8/25/2019 9:32 PM
52	Macclesfield is not on a main road to anywhere, so needs promoting as best possible including better road signage, especially the one coming out of Mount Barker, which is confusing, making it look like it's further away then it is.	8/25/2019 10:15 AM
53	No garden pop outs on the eastern side. This is a farming community and need for parking with trucks, trailers is a must	8/24/2019 7:35 AM
54	Would like to see Crystal park utilised more with picnic/bbq area and a toilet.	8/23/2019 7:41 PM
55	Free camping in the village. It is necessary to keep businesses going here. Free campers would generally support at least two or three businesses here creating a win win for everyone.	8/21/2019 6:28 PM
56	No	8/21/2019 5:47 AM
57	more maintainance on the unsealed roads and colvets cleaned out before they block	8/20/2019 10:49 PM
58	Keeping Macclesfield a small, rural township rather than a commuter town such as Meadows.	8/20/2019 8:42 PM
59	Both hotels need to be fully wheelchair accessible.	8/20/2019 7:07 PM
60	No	8/20/2019 6:44 PM
61	No	8/20/2019 4:42 PM
62	Increased level of transport availability, both govt & private to both Mt Barker & Adelaide.	8/20/2019 3:29 PM
63	I would like more development at the football oval	8/20/2019 1:44 PM
64	Public transport to Mt Barker	8/20/2019 10:29 AM
65	Underground electricity, get rid of the ugly overhead electricity cables, put in character, eclectic main street lighting posts which would be more suitable for the area. Perhaps some main street veggie boxes to encourage community plantings and support for those not so well off.	8/19/2019 9:04 PM
66	no more population growth it brings more problems and is a disgrace to the small country towns	8/19/2019 6:19 PM
67	Leave the existing parkland areas alone unless there is a concerted effort to utilize them to help create a carbon neutral town.	8/19/2019 9:56 AM
