

MOUNT BARKER
DISTRICT COUNCIL

27 January 2023

Mayor's Statement

Aston Hills - Heysen Boulevard

“Council congratulates Lanser on the completion of this important section of Heysen Boulevard connecting Springs Road to Paech Road.

“Heysen Boulevard is a connector road that runs through the Mount Barker growth area that will connect residents to arterial roads leading to the freeway and is also a designated public transport route.

“Completion of the remaining 4 kilometres, of Heysen Boulevard in the Mount Barker growth area is still a major issue for the community and Council, and we have had constructive meetings with the Minister for Infrastructure and Transport regarding completion of this essential road.

“While there is still much to do, this final section through Aston Hills takes pressure off the Hartman Road and Alexandrina Road intersection and will be welcomed by residents heading to the freeway, town centre and other destinations in the district.”
